WHEAT MARKETS

Chicago, April 26.—Wheat options closed 3-8@1-2c a bushel higher after an opening that was 1-2c higher for May and 3-8c higher each for July and September.

There was a firmer tone abroad and with the exception of Paris, which was sharply lower for the day prices closed higher than Thursday.

Broomhall cabled from Liverpool that the weakness in American cables and larger Argentine shipments than expected were offset by short covering. Prices at the opening were unchanged to 1-8d lower. The weather in France is again unfavorable and Buenos Ayres, together with cargoes 1-2@3d higher, helped the advance. Following the opening prices advanced 1-8@5-8d with May and July strong with good speculative support on the good demand for Plate steamers and the fact of a heavy decrease in the Argentine visible and predictions of smaller world's shipments. The entire situation is influenced by the supply and demand with stocks everywhere light and good wheat in urgent request.

STOCK MARKET.

(From Friday's Journal.)

There was a firm tone in the cattle market today for extra good quality. One load went in the North Portland market at \$8.25 today, indicating that killers, while still holding rather liberal supplies of average quality, desire to take on more of the better class goods. The lot of steers that touched the \$8.25 market this morning averaged 1118 pounds.

North Portland cattle range:

Heavy feed steers.....\$8.00@8.25
Choice steers.....7.90@8.00
Common steers.....7.50
Fancy heifers.....7.75

Did You Ever Wash Clothes in the old fashioned way with wooden washtubs?

Perhaps that is still your method and you look forward to each wash-day with delight. Well, hardly!

A set of "Standard" laundry trays would mean an orderly laundry, one of more inviting appearance and easier laundering and your satisfaction would not be lessened by the high class workmanship which characterizes the work we do.

This monogram stands for all you can ask in a motor car.

Chalmers "Thirty-Six" gives the answer to both

--to the man who is thinking of buying a cheap car:

The difference between the Chalmers "Thirty-Six" and some other cars you may be thinking of buying is probably about \$300 or \$400.

But the difference in value, we can honestly assure you, isn't less than \$1000.

Nowadays it is not merely enough that an automobile run. You can take that much for granted with almost any car. What you should look for is permanent satisfaction, comfort, good looks, elegance of equipment. You want a car you can be proud of. You want a car that will be good 5 or 6 or 8 years from now.

The Chalmers "Thirty-Six" is such a car.

Built in the Chalmers shops, manufactured—not assembled—made of the best materials and under the most rigid inspection, the "Thirty-Six" offers all you can ask in a motor car. If you are going to spend your money at all for a motor car, isn't it wise economy to put \$300 or \$400 more to it and make your first investment really good?

--to the man who is thinking of buying a high priced car:

Just what more do you get in any high priced car than you get in the Chalmers "Thirty-Six," at \$1950? Can you go farther in a day or a month? Can you go any faster (except at great risk)?

Can you ride with any greater comfort? Can you get any more conveniences to make driving easy and pleasant?

We honestly believe that many people choose high priced cars simply because they are high priced.

We know of many who have paid more than they really needed to pay—simply because they didn't realize that a medium priced car like the "Thirty-Six" would give maximum service.

We know these same people are paying out monthly far more in upkeep than they would need to pay for such a car as the "Thirty-Six."

To all such we say, "See the 'Thirty-Six'; ride in it; try it out thoroughly. It is a car you can be proud of—a car that will save you money—but not at the cost of satisfaction."

Won't you give us the opportunity of demonstrating the Chalmers "Thirty-Six"? Please phone or call.

CASE OF BLACKLEG BEEN REPORTED

Baker, Ore., April 26.—It is reported from the Upper Powder river section that blackleg, that dreaded disease so fatal to young cattle, has made its appearance in a herd on one of the ranches and so alarmed are owners of cattle that they will at once begin vaccination as a preventative.

HEAD COVERED WITH WHITE PIMPLES

Went to Ear, Shoulders and Whole Body. Thick and Sticky on Head. Eruption Covered With Blood. Cuticura Soap and Ointment Cured.

Ransom, Ill.—"The trouble started on our baby when he was only about two weeks old. Started like little white pimples, looked like an old crab of blood and matter. His whole head was covered for a few months then it went to his ear, shoulders, and his whole body. It seemed to come out thick and sticky on his head, while on the other parts of his body it was more like water coming out of the skin. He would scratch until the eruption would be all covered with blood and gradually spread. The least little stir or rub would cause the sores to bleed, spread and itch. Never had a full night's sleep, restless all night.

"The sores were horrid to look at. It lasted until he was about two and a half years old. Then we saw an eczema advertisement in the paper to use —, but it did no good. Then we used Cuticura Soap and Cuticura Ointment. We put the Cuticura Ointment on thick at bed time and put a tight hood on so he could not scratch the sores. Then we washed it clean with Cuticura Soap and warm water twice a day, and he was completely cured." (Signed) Mrs. E. F. Sulzberger, Dec. 30, 1911.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."
